

Universal Hose Valve Cap – Plastic (ABS) with Chain Fig. 07-28A

Specifications

Materials:

Cap:
Injection Molded ABS

Chain, Screw and Washer:
Zinc plated steel

Gasket:
EPDM Rubber

Size:
2 1/2"

Color:
Red

Inscription:
Do Not Pressurize

Description

The universal hose valve cap with chain is compatible with most 2 1/2" sized hose valves*. The cap is simply pushed onto the outlet, can be installed without any tools, and is engineered to be removed and put back in place several times without compromising the level of protection it delivers to the threads and against buildup of debris.

NOT SUITABLE FOR PRESSURE TESTING.

*Not suitable for 2 1/2" RCH Angle Hose Valve

Installation

Make sure the valve outlet and male threads are free from debris. Push the cap onto the valve until tight. Attach chain to the valve body at the point provided by the valve manufacturer.

CAUTION: PLASTIC HOSE VALVE CAPS ARE FOR PROTECTION OF THE MALE THREAD ONLY. DO NOT PRESSURIZE PLASTIC HOSE VALVE CAPS. SERIOUS BODILY INJURY WILL OCCUR.
