California Proposition 65 Declaration

Dear Valued Customer,

Proposition 65 (the Safe Drinking Water and Toxic Enforcement Act of 1986) is a California law intended to protect drinking water sources and require businesses to provide a clear and reasonable warning before exposing individuals to consumer products containing chemicals known to cause cancer, birth defects or other reproductive harm.

The letter is to inform our customers that the following consumer products were tested and do not contain chemicals at concentrations that would require a Proposition 65 warning label:

- ANVIL® Malleable Iron
- ANVIL® Cast Iron
- ANVIL® CW and ERW Nipples
- ANVIL® Galvanized Products
- ANVIL® Small Steel Fittings
- SPF/Anvil™ Malleable Iron
- SPF/Anvil™ ERW Pipe Nipples

Please note that forged steel and oil and gas products are industrial products not manufactured in California. They have not been assessed for consumer sale or use.
